**PHOTOGRAPHY**

The Local Organising Committee takes the welfare and safety of all participants very seriously but also recognises the need for flexibility and common sense relating to the issue of photography of children and young people at sports events.

Therefore all parents and people attending the event are required to operate within the policy of the school they are connected to. All staff, leaders and volunteers involved in the event have been briefed on photography and will challenge any person(s) who they feel may be acting in an inappropriate manner.

There will be an official event photographer on site capturing both still and video images. There is also likely to be coverage by the local media.

Permission to use images of participants has been sought and all efforts will be made to ensure that no one is photographed if they do not wish to be. All young people wearing yellow wrist bands MUST NOT have their photograph taken.

All issues relating to photography should be referred to the Event Managers or the Site Welfare Officer - these will be contactable via Event Control.

**RULES & ELIGIBILITY**

All sports have a set of rules that have been produced by the National Governing Body (NGB) for that sport. Rules have been distributed to all teams and all teams are expected to play to the rules of this event.

Eligibility criteria have also been established by the NGB and by the Local Organising Committee. All participants should meet these criteria and failure to do so may result in the disqualification of the team. Sports Organisers have the authority to remove the person(s) concerned from the competition.
